

Decking beams heavy-duty

For heaviest loads in double-deck loadings.

Length

| 1 - Length | 2 - End pieces | 3 - Product identification sticker | Order code |
|---|----------------|------------------------------------|---|
| PL 1350 BC 1100 Adjustment range from min. 650 to max. 2510 mm. | | | 512027 Decking beam heavy-duty Internal dimension xxxx mm |

End pieces

| | 2 - End pieces | 3 - Product identification sticker | Order code |
|--------|----------------|--------------------------------------|-------------------|
| | symmetric | | ATD-I symmetric |
| | asymmetric | | ATD-I asymmetric |
| ATD-I | | Compatible with Airline | ATD-I asymmetric |
| | symmetric | | ATD-II symmetric |
| | asymmetric | | ATD-II asymmetric |
| ATD-II | | Compatible with Airline | ATD-II asymmetric |
| | | | SCB |
| SCB | | Compatible with SCB-track | SCB |
| | | | STD |
| STD | | Compatible with Steel-Top Deck-track | STD |

Product identification sticker

| | | 3 - Product identification sticker | Order code |
|---|--|------------------------------------|-----------------|
| | | | |
| Customized product label with your logo | | | Custom sticker |
| Product label | | | allsafe sticker |

Sample order code

Decking beam heavy-duty - 2200 - ATD-II symmetric - Custom sticker
