# Lashing straps

The right strap for your application

## Transporter

Solid light-weights.

- Made in Germany ▶ developed, tested and manufactured in Engen, Germany
- freely configurable ▶ perfect for your application
- many extras available ▶ customized printing, no minimum order quantity, even with an order of 1 unit

## Box

Built for tough applications. Developed for rough applications.

- in compliance with DIN EN 12195-2 ▶ maximum safety for you
- compatible with the new KERL fitting product family ▶ fits almost all vehicles
- highest pre-tensioning forces ▶ high safety with less lashing straps

## Special

If it's not available, it doesn't exist.

- in-house development and manufacturing ▶ high-quality even for special products
- large selection of components ▶ endless possibilities for custom-made straps
- your strap ▶ your part number – standard at allsafe

STRAPS & NETS

### Your customized lashing strap. Compose it yourself:

#### ▶ End fittings

Compose your end fittings to suit your needs. No matter if you use Airline tracks or lashing points we have something for all load capacities. Always with a corrosion-resistant surface. By the way: you can also configure your straps with two different end fittings.

#### ▶ Lock

Choose a lock from our large product range to suit your load, lashing needs, required pre-tensioning force and load capacity. If it's not available, it doesn't exist yet.

#### ▶ Strap appearance

Not just the technical aspects can be selected, but also the visual aspects. Select your favorite colour and we'll take care of the rest.

#### ▶ Strap and label printig

You'd like to have your company name and logo printed on your straps? No Problem. Customized label? We can do it. And all that with a minimum order quantity of one strap! With our standardized QR-Code and our allsafe-App you can easily proof, manage and properly calculate your load.

#### ▶ Extras + accessories

Protection pads for the lock protects loads with fragile surfaces, protective sleeves with different properties protect the edges of your load. You select it, we make it.
